

Pip and Posy

Axel Scheffler

Pip and Posy Pairs

Suitable for 1 or 2 players

Make your cards more durable by sticking to cardboard!

Carefully cut out the pieces below and mix them up. Place them face down.

Begin by turning one piece over, then pick another. If they match, put them in a pile.

If they don't match, turn both pieces back over and try again. See if you can match all ten pictures!
