

Design a pirate flag!

Yo ho ho! Any self-respecting seadog will have their own flag flying proudly atop their trusty ship. What would yours look like?

TOP TIP!

A pirate's flag is used to tell other people who you are - and that they should *beware!* Think about using simple shapes, symbols and bold colours so that people can easily recognise your flag from a distance.

Out now!

A hilarious, swashbuckling story full of twists and turns!
