Suitable for ages 5+

You will need:

Scissors
Colouring Pens or Pencils
Sellotape
Ribbon or String
Glitter (optional – for extra sparkle!)

Step 1: Colour in your mobile pieces and carefully cut them out. Each piece has a front and back.

Step 2: Cut a piece of ribbon roughly 1m long – or however long you'd like your decoration to be.

Step 3: Arrange your cut-out pieces along the length of the ribbon and leave a gap of around 20 cm at the top of the ribbon.

Step 4: Use sellotape to stick the blank side of your front pieces to the ribbon where you'd like them to hang. Fold the top of the ribbon down and stick to create a loop.

Step 5: Turn your ribbon over and match up the back pieces. Stick the blank sides together with glue or by carefully folding sellotape to fix them in place.

Step 6: If you want to add glitter, now is the time to do so! Allow your mobile to dry before hanging up.
