SUPER-FUNNY WRITING

Write a funny short paragraph about your superhero!

How to write your paragraph

Choose a scenario to get started: This could be a funny argument with a friend or sibling, a rescue mission that has gone wrong or a first meeting with your Evil Twin.

Include techniques such as repetition, silly words, exaggeration and funny dialogue to make your paragraph hilarious!

Use the example below, from *My Brother is a Superhero*, to help if you get stuck.

The most important five minutes in the history of the world and I had missed them because I needed a wee. "I bet if I'd been here, Zardo the Decoder would have chosen me," I grumped.

"His name was Zorbon the Decider. And you weren't here." Zack shrugged.

"Should have held it in, shouldn't you?"

It was so unfair! I was beyond acting like a normal, sensible person.

"Get him back. Tell Bourbon the Diskdriver he made a mistake and he has to come back and give me superpowers too."

"Zorbon the Decider," corrected Zack once more.

SUPER-COOL COMIC STRIP

Design your own comic strip, featuring your superhero!

How to design your comic

Plot your story: Think of a situation where your hero is facing a challenge or going on a journey – it could be a DRAMATIC showdown with their arch-enemy OR a FUNNY story about how they're tidying their bedroom when they discover a time portal!

Tell the story in pictures: Draw each scene – keep your drawing simple so you can add facial expressions. Write what your character is saying or thinking using speech bubbles and add a short description if you'd like.

SUPER hilarious adventures!

Use punctuation to express confusion or alarm

Add sound effects!

What are your characters saying?
